

SENIOR BIO VIDEOS

DEADLINE: March 1st

Senior Bio Videos A senior bio video is a short video slideshow highlighting the life of each senior. This will be shown as each senior walks up to accept their diploma.

Each bio video consists of:

- **15 photos, renamed in the order you want them presented.** These photos will also be used in the yearbook. Run the photos by your senior before submitting.
- **a favorite verse or quote of their choosing**
- **music (either a file, or a link to the music)**
- **a narrative (voiceover)**
- a headshot of senior (NOTE: Sarah Davis will take headshots in April, which will be used for the opening of the video)

How to send:

Photos: Rename each photo in the order you want them presented (ie, 01, 02, etc), and send them via *WeTransfer* (www.wetransfer.com) to Marya (maryadegrow@gmail.com)

Favorite verse/quote: Send via email to Marya

Music Selection: Send a link, a file, or the name of the piece to Marya. Keep in mind that if you are also doing a voiceover, it is best to choose a piece that is music-only (no singing). If you have no preference and would like us to pick, let us know.

Voiceover/Narrative: 52 seconds, sent to Marya. If you choose NOT to do a voiceover, please let us know.

Tips:

- Have your photos chosen and in order before you write your narration.
- To use your phone to take a picture of a photograph, set the photograph on a flat surface near a window but not in direct sunlight (bright but overcast days are perfect). Turn off any overhead lights, and hold your phone parallel to the photograph. Watch for glare on glossy photographs.
- Keep your narrative/voiceover to **~52 seconds** long.
- *Go into a closet to record your narrative.* This helps with the sound quality.
- If you have an iPhone, the Voice Memos app works great—it looks like this:

CHECKLIST: ___ PHOTOS ___ QUOTE ___ MUSIC ___ VOICEOVER

DEADLINE: MARCH 1st
